- ✓ Spray bottle easily doses the right amount of the product
- ✓ Less friction, since there is no need to rub in the product
- ✓ Quickly absorbs and non-sticky
- ✓ Promotes skin hydration for 24 hours after usage
- ✓ Soothing formula

Product Description

ABENA's Zinc Spray with 10% zinc oxide creates a nice and very thin barrier to the skin. The unique spray applicator TLT (Thin Layer Technology) distributes the lotion evenly. The thin, light, smooth, textured zinc spray is easy to spray out, and can be sprayed directly on the desired area. This minimizes the need for physical contact and keeps hygiene intact. Also, it keeps moist areas dry, which increases better hygiene. The lotion is long-lasting and quickly absorbed. Our ABENA Zinc Spray is suitable for sensitive skin and dermatologically tested. The test shows that our lotion is very gentle to the skin. Recommended especially for bedridden and incontinent people whose skin needs gentle care since it soothes irritated skin.
