

Product Main Number 490020

Finger-dipped nitrile glove, THOR Flex, 9, black, nitrile/polyester

- ✓ Breathable nitrile coating and optimal fit
- ✓ Touchscreen on all fingers
- ✓ Fantastic tactile sensitivity
- ✓ Contact heat up to 100 degrees

CAT II

Product Description

With this THOR Flex glove, you get a durable work glove equipped with touch function in the thumb, index and middle finger. The glove is seamless and knitted in nylon/spandex, as well as a nylon/spandex ribbed cuff. Here you get a good all-round work glove, which is suitable for handling food, as well as for industrial work, in the construction industry, in car workshops, as well as for forestry, gardening and paving. The glove can withstand 3 washes at temperatures up to 60° degrees combined with tumble drying without shrinking in size or shape.

49002001

The CE mark guarantees that a product is safe to use and complies with all safety precautions. CE stands for Conformité Européenne (European Conformity) and is mainly found on electronic equipment, safety equipment, construction products, and medical devices.

The glass-fork-symbol guarantees that products live up to the demands stated in the European legislation for food contact materials. The symbol is not mandatory but advised on products used for food contact.

OEKO-TEX, also known as "Confidence in Textiles", is a health and environmental label used worldwide. The certificate ensures that textiles do not contain substances that are harmful to health or the environment.

Third-party type approval is required for all Category II personal protective equipment (PPE) products.

EN388

The standard specifies the requirements for protective gloves against mechanical risks.

EN 407:2020
X1XXXX

This standard specifies the requirements for protective gloves against thermal hazards (heat and/or fire). The glove is tested in relation to heat with a contact temperature of 100 °C (level 1).

EN 420

The standard specifies the requirements for protective gloves in relation to general requirements and test methods.
