(1) And products thereof, insofar as the process that they have undergone, the allergenicity assessed by the Authority for the relevant product from which they were obtained, probably not increased.

We would like to point out that our declaration only mentions those allergens that might occur in our production line. Any cross contamination of allergens within the baking and selling process has to be declared by the additional user. An individual declaration with regard to possible traces according to the point of use must be guaranteed by the final distributor.
