Apex Manual Detergent

Manual Warewashing Detergent

Performance

- Experience the best cleaning results with **Apex Manual Detergent**.
- Cuts through grease fast with minimal scrubbing required.
- Friendly to skin and hands, while being gentle on materials.

Efficiency

- Super concentrated solid warewashing technology for increased efficiency.
- Innovative dosing equipment prevents product overuse and therefore allows total cost control.
- 100 % product usage and minimal storage required.

Safety

- Non-hazardous in use solution.
- Lightweight blocks are easy to handle and refill.
- Shape- and color-coded system ensures that the right product is always used.

Sustainability

- Only 7 grams of plastic packaging per Apex block.
- Up to 95 % less packaging and 70% less transport*.

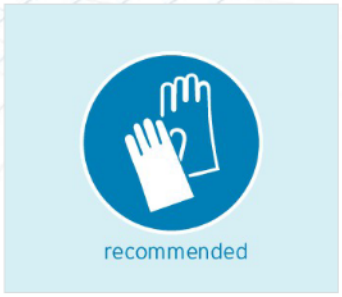

*vs a traditional 20 litre liquid detergent jug

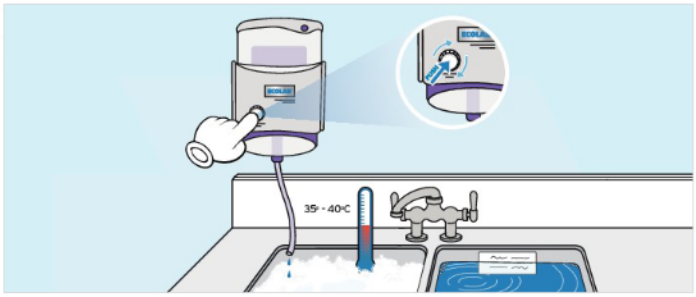

Use Instructions

1. Check hygiene plan and product label for detailed use information.

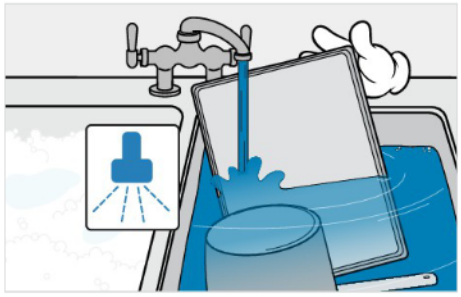

2. Wear suitable protective clothing when handling the undiluted product.

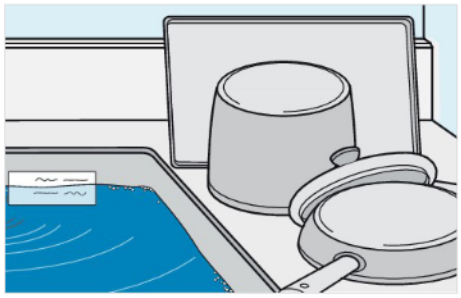

3. Push and turn button to fill the sink with the right amount of ready-to-use solution.

4. Clean dirty dishes and allow excess water to run back into the wash sink.

5. Rinse with clean warm water.

6. Turn upside down to air dry. Do not wipe dry. Refill sink every 2 hours.

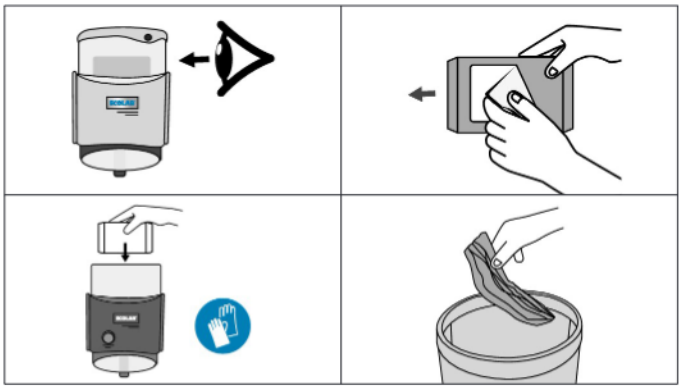

To Refill

1 Check the product level daily and refill if necessary. You do not need to wait until the reservoir is completely empty, as there is space for 1,5 block of product in the reservoir.

2 Remove the plastic foil from block.

3 Refill dispenser.

4 Dispose of plastic foil via standard waste.

Special Notes / Information

- Only for use with Ecolab Dosing Unit. Your Ecolab specialist will adjust the dosing system to your specific cleaning needs.
- For professional use only.

Safety Information

- Do not mix with any other product.
- For further information and safety instructions, see product label and Safety Data Sheet.

Storage Conditions

- Store between 0 and 40 °C in original closed container only.
