

Item number 4115

Underpad, ABENA Abri-Soft Classic, 60x40cm, light blue

- ✓ Absorbent fluff core
- ✓ Soft and smooth nonwoven surface
- ✓ Rapid liquid absorption
- ✓ Liquid safe back sheet and sealed edges for extra protection
- ✓ Available in different sizes

Product Description

Abri-Soft Classic is used as a protective, disposable underpad for e.g. beds and chairs. Suitable for incontinent users, but also for non-sterile procedures. The underpad has sealed edges for optimum leakage protection. The surface is covered with a soft nonwoven material for enhanced user comfort. The use of disposable underpads reduces the risk of contamination.

Abri-Soft Classic offers moderate absorbency and is available in different sizes.

Specifications

Base name	Underpad
Brand	ABENA
Sub-brand	Abri-Soft Classic

Nordic Swan Ecolabel is an official Scandinavian environmental label. Products with the Nordic Swan Ecolabel meet stringent environmental requirements with regard to raw material, production, use, documentation, and safety.

FSC™ (Forest Stewardship Council) is an international non-governmental organization dedicated to the promotion of responsible forest management worldwide. FSC™-certified products are made from raw materials from well-managed forests and responsible sources. The label's traceability and integrity are upheld through stringent control measures, and by choosing FSC™-certified products, you help take care of forests and the people and wildlife that call them home. FSC™ Mix means the product consists of a blend of FSC certified wood and recycled materials. For more information, go to www.fsc.org.

The CE mark guarantees that a product is safe to use and complies with all safety precautions. CE stands for Conformité Européenne (European Conformity) and is mainly found on electronic equipment, safety equipment, construction products, and medical devices.

The Dermatologically Tested symbol guarantees that products have been tested for potential skin irritations by an independent third-party laboratory.

Raw material that absorbs its own weight 10 times and has excellent fluid dispersion capabilities.

The product is only for single-use.
