FoamGuard Hydro 10
ALKALINE FOAM CLEANER

FoamGuard Hydro 10 is a daily foam cleaner, particularly efficient for removal of fat, proteins, grease and soil from alkaline and water resistant surfaces in kitchens, canteens and fresh food processing areas in supermarkets. The advanced foam formulation provides enhanced cling to vertical and sloped surfaces. Recommended for cleaning of process equipment, stainless steel inventory, preparation tables, cutting boards, floors, walls/tiled surfaces in kitchens with hard water.

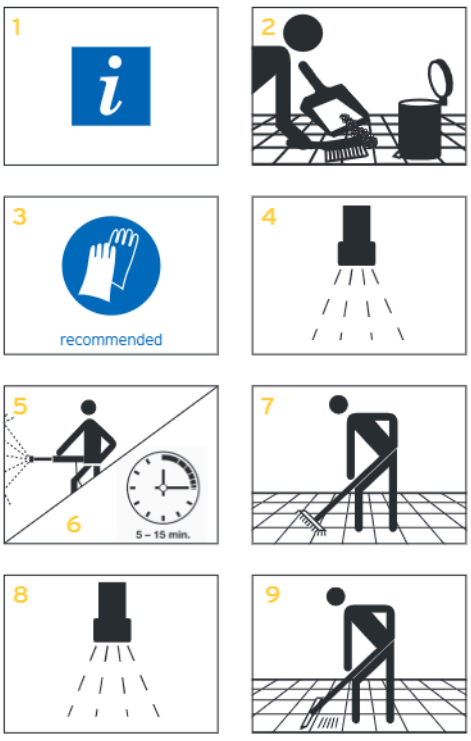

- **Performance:** Foam penetrates into more inaccessible areas.
- **Efficiency:** Foam facilitates a fast cleaning of large and densely equipped kitchen.
- **Safety:** Foam minimizes aerosol formation and spread of soil and micro-organisms.

USE INSTRUCTIONS

Your local Ecolab specialist will install and adjust the dosing unit according to your water condition, soil and cleaning needs.

1 Check hygiene plan and product label for detailed use information.
2 Remove all food from cleaning area and sweep floor.
3 Recommendation : Wear suitable protective clothing when handling the undiluted product.
4 Pre-rinse with warm water (max 45 °C) to remove as much rough soil as possible.
5 Foam all surfaces with a **FoamGuard Hydro 10** solution. Recommended use concentration: 1-3%
6 Allow contact time 5-15 minutes.
7 Brush with a stiff bristled brush, if needed.
8 Rinse with warm water ensuring all soil and foam is completely removed.
9 Squeegee excess liquid towards drain.

SPECIAL NOTES / INFORMATION

For floor cleaning position warning signs "Attention wet floor" and leave in place until surface is totally dry.

For professional use only!

Safety data sheet available for professional users on request.
