Apex Presoak

Presoak for Cutlery and Stainless Steel

Performance

- Experience the best presoak results with **Apex Presoak**.
- Enzymes break down food soils such as starch and protein films that the dishmachine can''t handle alone.
- Effectively removes film-build up and black tarnish on cutlery.
- Improves guest satisfaction and retention.

Efficiency

- Super concentrated solid warewashing technology for increased efficiency.
- Innovative dosing equipment prevents product overuse and therefore allows total cost control.
- Lowers overall warewashing costs by reducing the need to rewash and controlling dispensing.

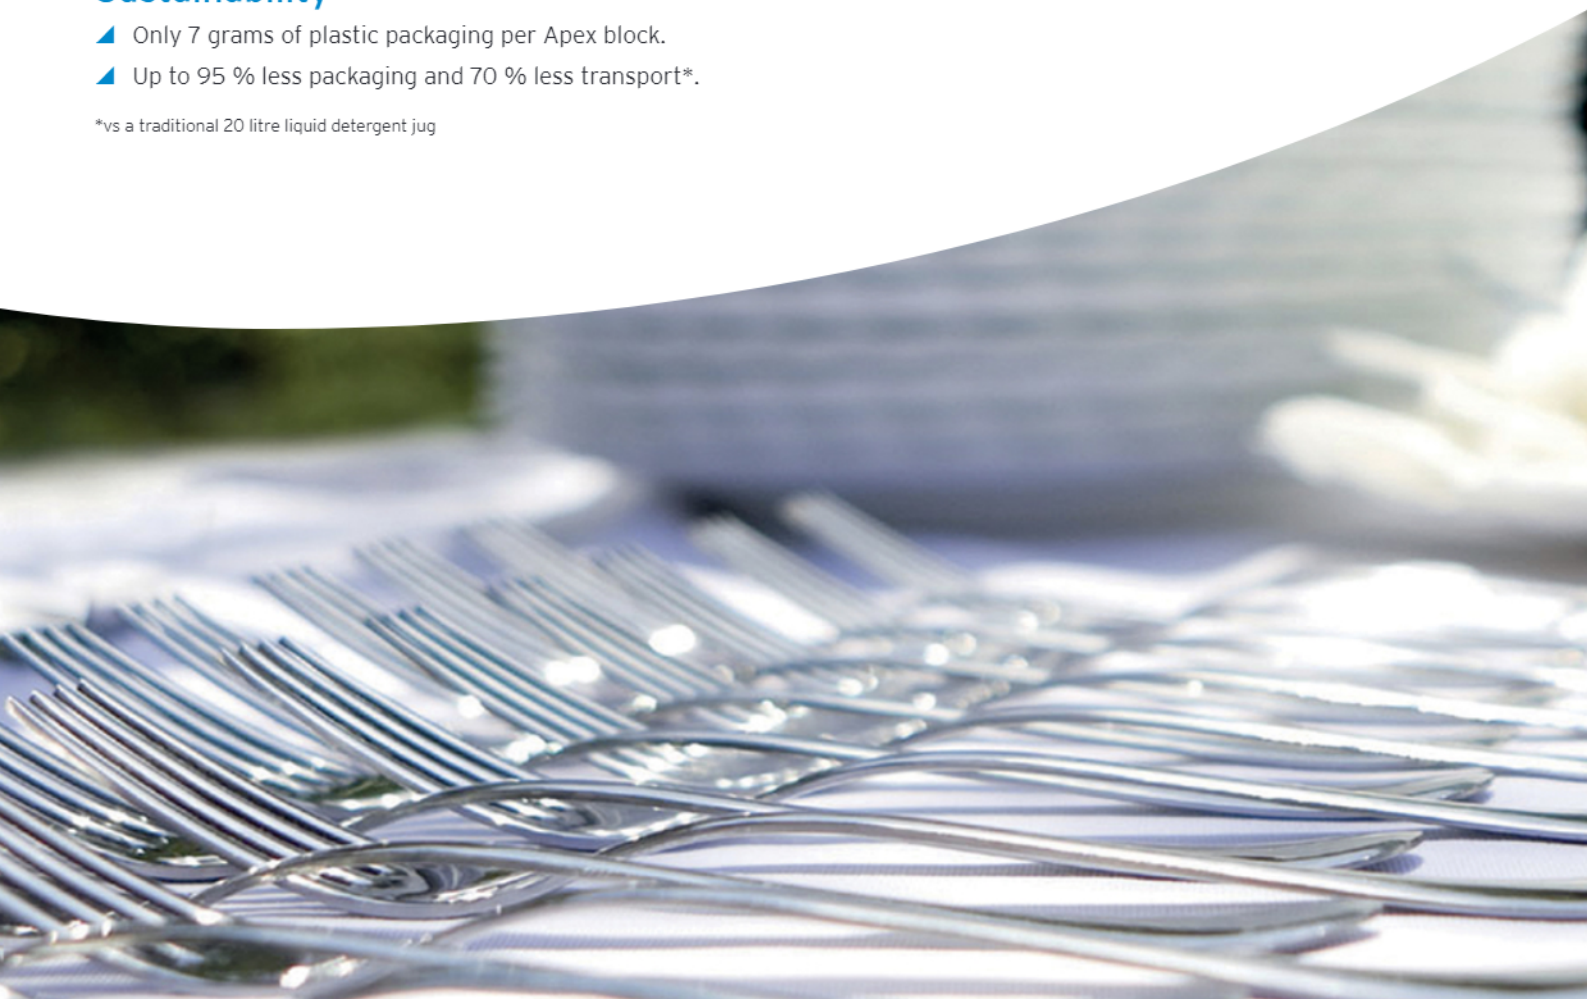

Safety

- Non-hazardous in use solution.
- Lightweight blocks are easy to handle and refill.
- Colour- and shape-coded system ensures the right product is always used.

Sustainability

- Only 7 grams of plastic packaging per Apex block.
- Up to 95 % less packaging and 70 % less transport*.

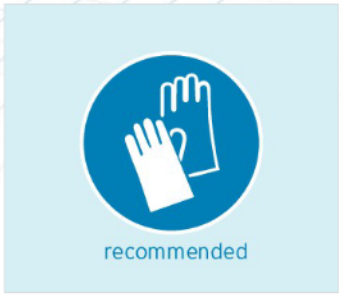

*vs a traditional 20 litre liquid detergent jug

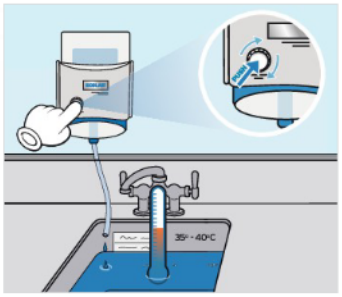

Use Instructions

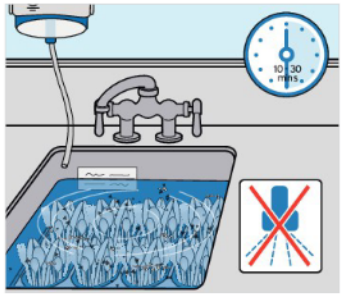

1. Check hygiene plan and product label for detailed use information.

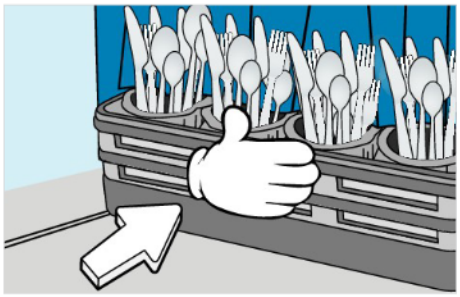

2. Wear suitable protective clothing when handling the undiluted product.

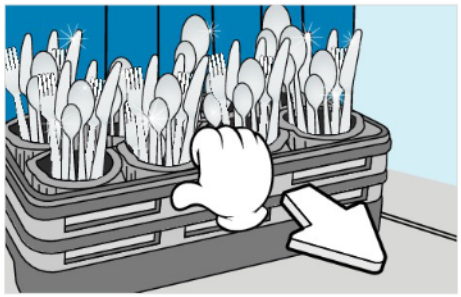

3. Push and turn button to fill the sink with the right amount of ready-to-use solution.

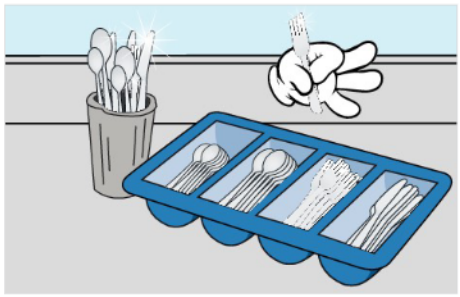

4. Soak cutlery in warm solution for at least 10 - 30 minutes depending on soil level. For detarnishing silver utensils, place aluminium foil at the bottom of the presoak tub.

5. Place cutlery on racks and wash in dishmachine.

6. Remove cutlery rack from dishmachine and allow to air dry.

7. After sorting, cutlery is ready for service.

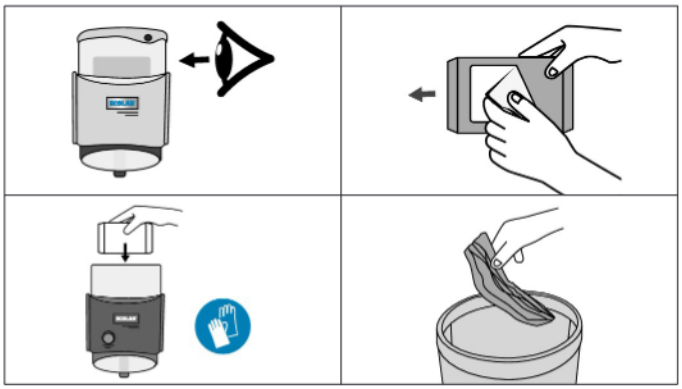

To Refill

1 Check the product level daily and refill if necessary. You do not need to wait until the reservoir is completely empty, as there is space for 1,5 block of product in the reservoir.

2 Remove the plastic foil from block.

3 Refill dispenser.

4 Dispose of plastic foil via standard waste.

Special Notes / Information

- Only for use with Ecolab Dosing Unit. Your Ecolab specialist will adjust the dosing system to your specific cleaning needs.
- For professional use only.

Safety Information

- Do not mix with any other product.
- For further information and safety instructions, see product label and Safety Data Sheet.

Storage Conditions

- Store between 0 °C and 40 °C in original closed container only.
